

INCENTIVE AT ICEHOTEL

WELCOME TO THE

ORIGINAL ICEHOTEL

EVERY YEAR Torne River provides us with enough ice to build a new Icehotel in the small village of Jukkasjärvi in the north of Sweden. The ice of the river transforms to handmade design and architecture at Icehotel, an art project and the world's first, and largest hotel built of snow and ice.

Incentive at Icehotel offers you two ready made packages to fulfill your visit in the best way possible. The packages includes a private coordinator, warm premium outdoor clothes, activities and luggage service.
