

A full-page photograph of an ice hotel entrance. The structure is built from large, rectangular blocks of translucent blue ice, forming a pointed archway. The entrance is framed by a rough, textured border of white and grey material, possibly wool or reindeer skin. A white wedding dress with a long veil hangs from a small metal hanger in the center of the doorway. The ground in front of the entrance is covered in a layer of white snow. The overall color palette is dominated by the cool blues of the ice and the stark whites of the dress and snow.

WEDDING DINNER

OUR LOVED ICE MENU is a dining experience beyond the ordinary. With carefully selected local ingredients, modern dishes are created with Swedish Lapland as a source of inspiration. Selected dishes are served on crystal clear ice from Torne River and will set a silver lining to your special occasion. For all our wedding packages, the ice menu is included as the wedding dinner, choose whether you want to enjoy it in our classic restaurant or in the rustic and cozy Old Homestead.

ENJOY YOUR WEDDING dinner in our traditional and warm Icehotel Restaurant, designed in a sleek Scandinavian style. Our chef promises an exceptional taste experience and top class service for you and your guests.

AT JUKKASJÄRVI OLD HOMESTEAD we offer a genuine Northern environment and a wedding reception in a rustic timbered building. We promise top class service for you and your guests. The old Homestead will be booked private for you for an extra cost.

THE BRIDAL COUPLE'S TABLE will be booked from 6 PM until closure. The tables are set in a Scandinavian design and we recommend our pure and beautiful natural ice as table decoration. Choose between our standard motives or design it your own way in honor of the big day. You have the possibility to bring your own table decorations; we reserve the right to decline large decorations at the tables.
